

## Te Kete Kōrero a Te Takutai Moana

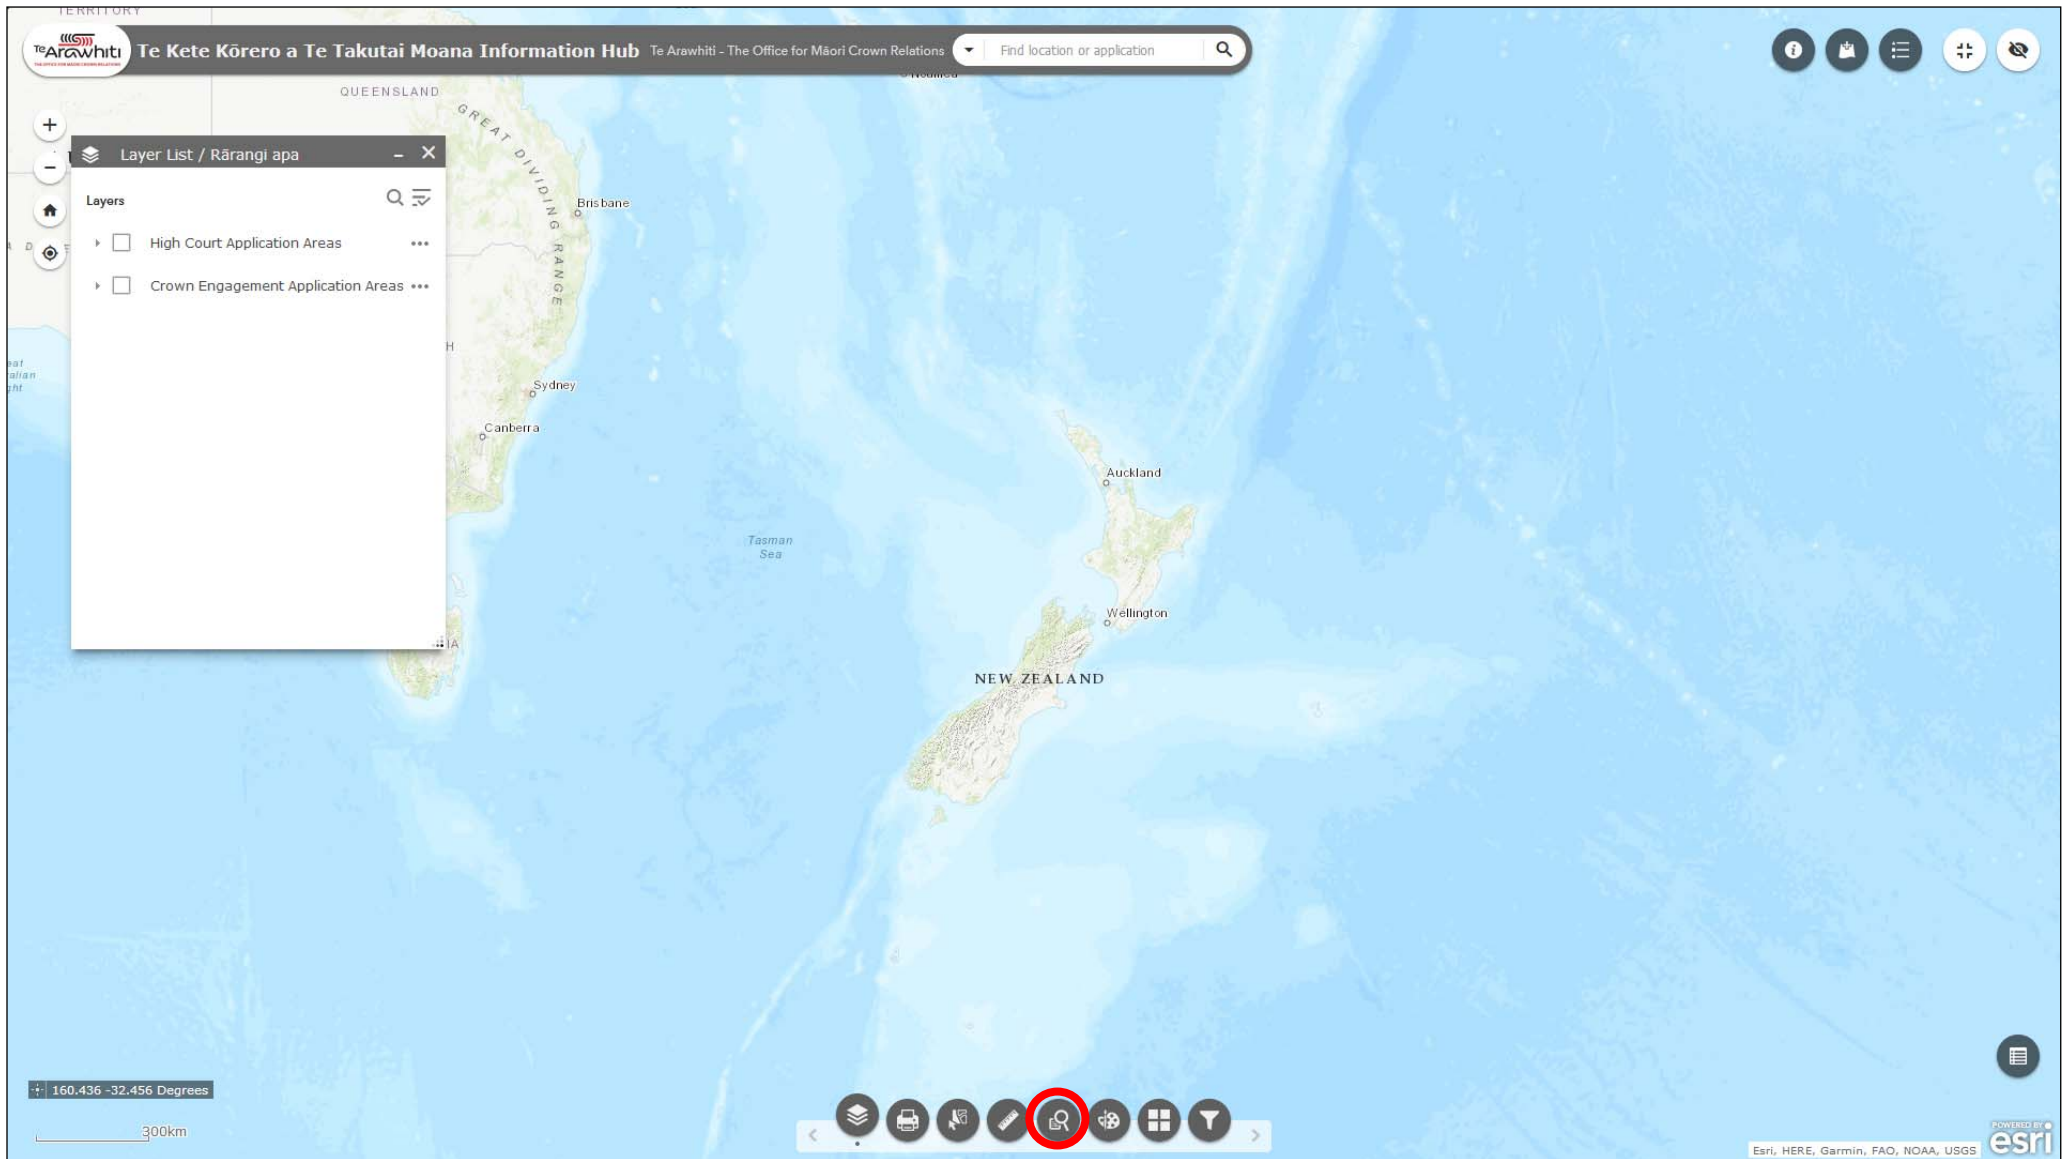

How to Find Applications by Region

# How to Find Applications by Region

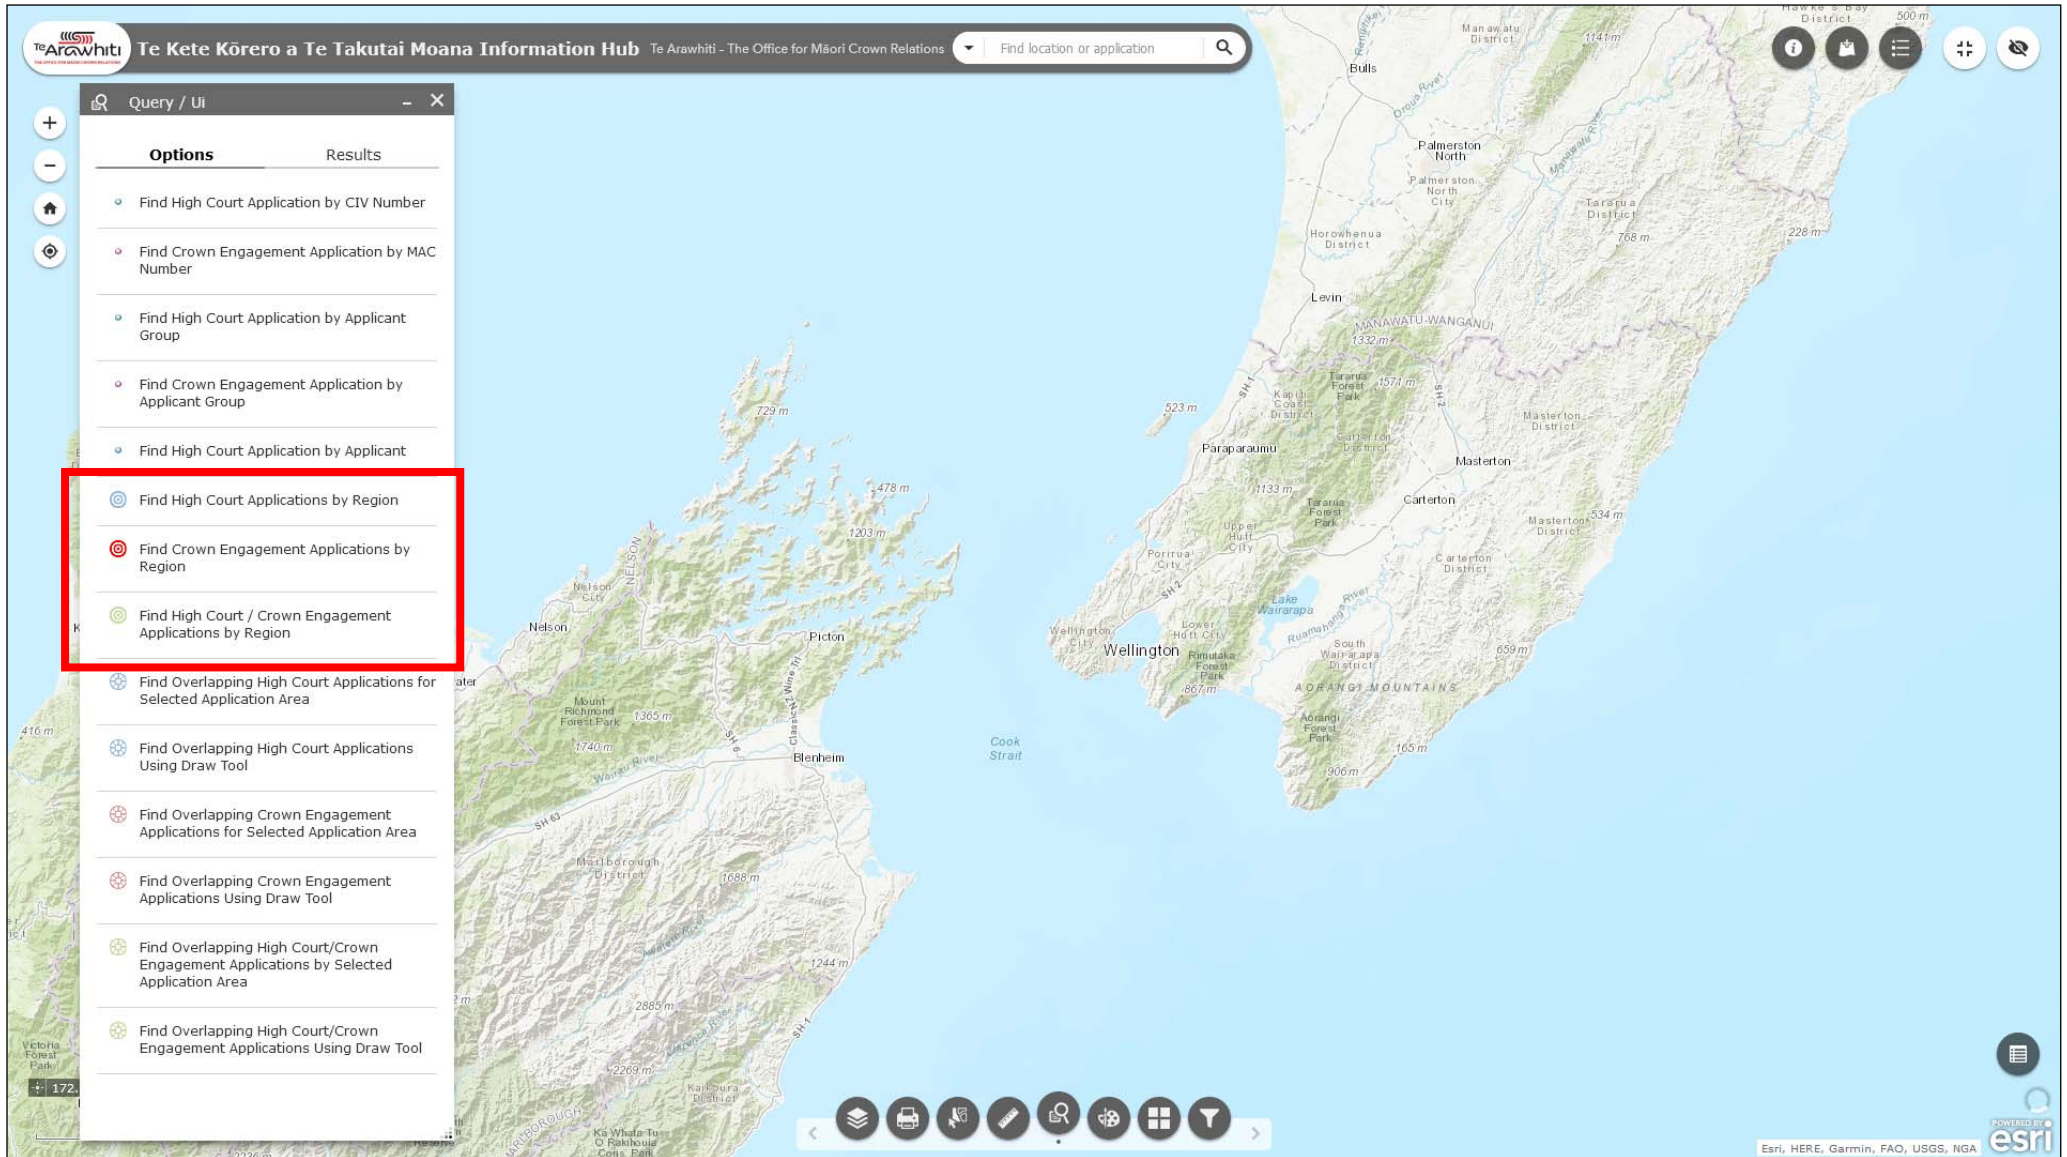

This helpfile provides an introduction to the queries which allow you to find which applications are in a given region. Regions are defined by regional council boundaries.

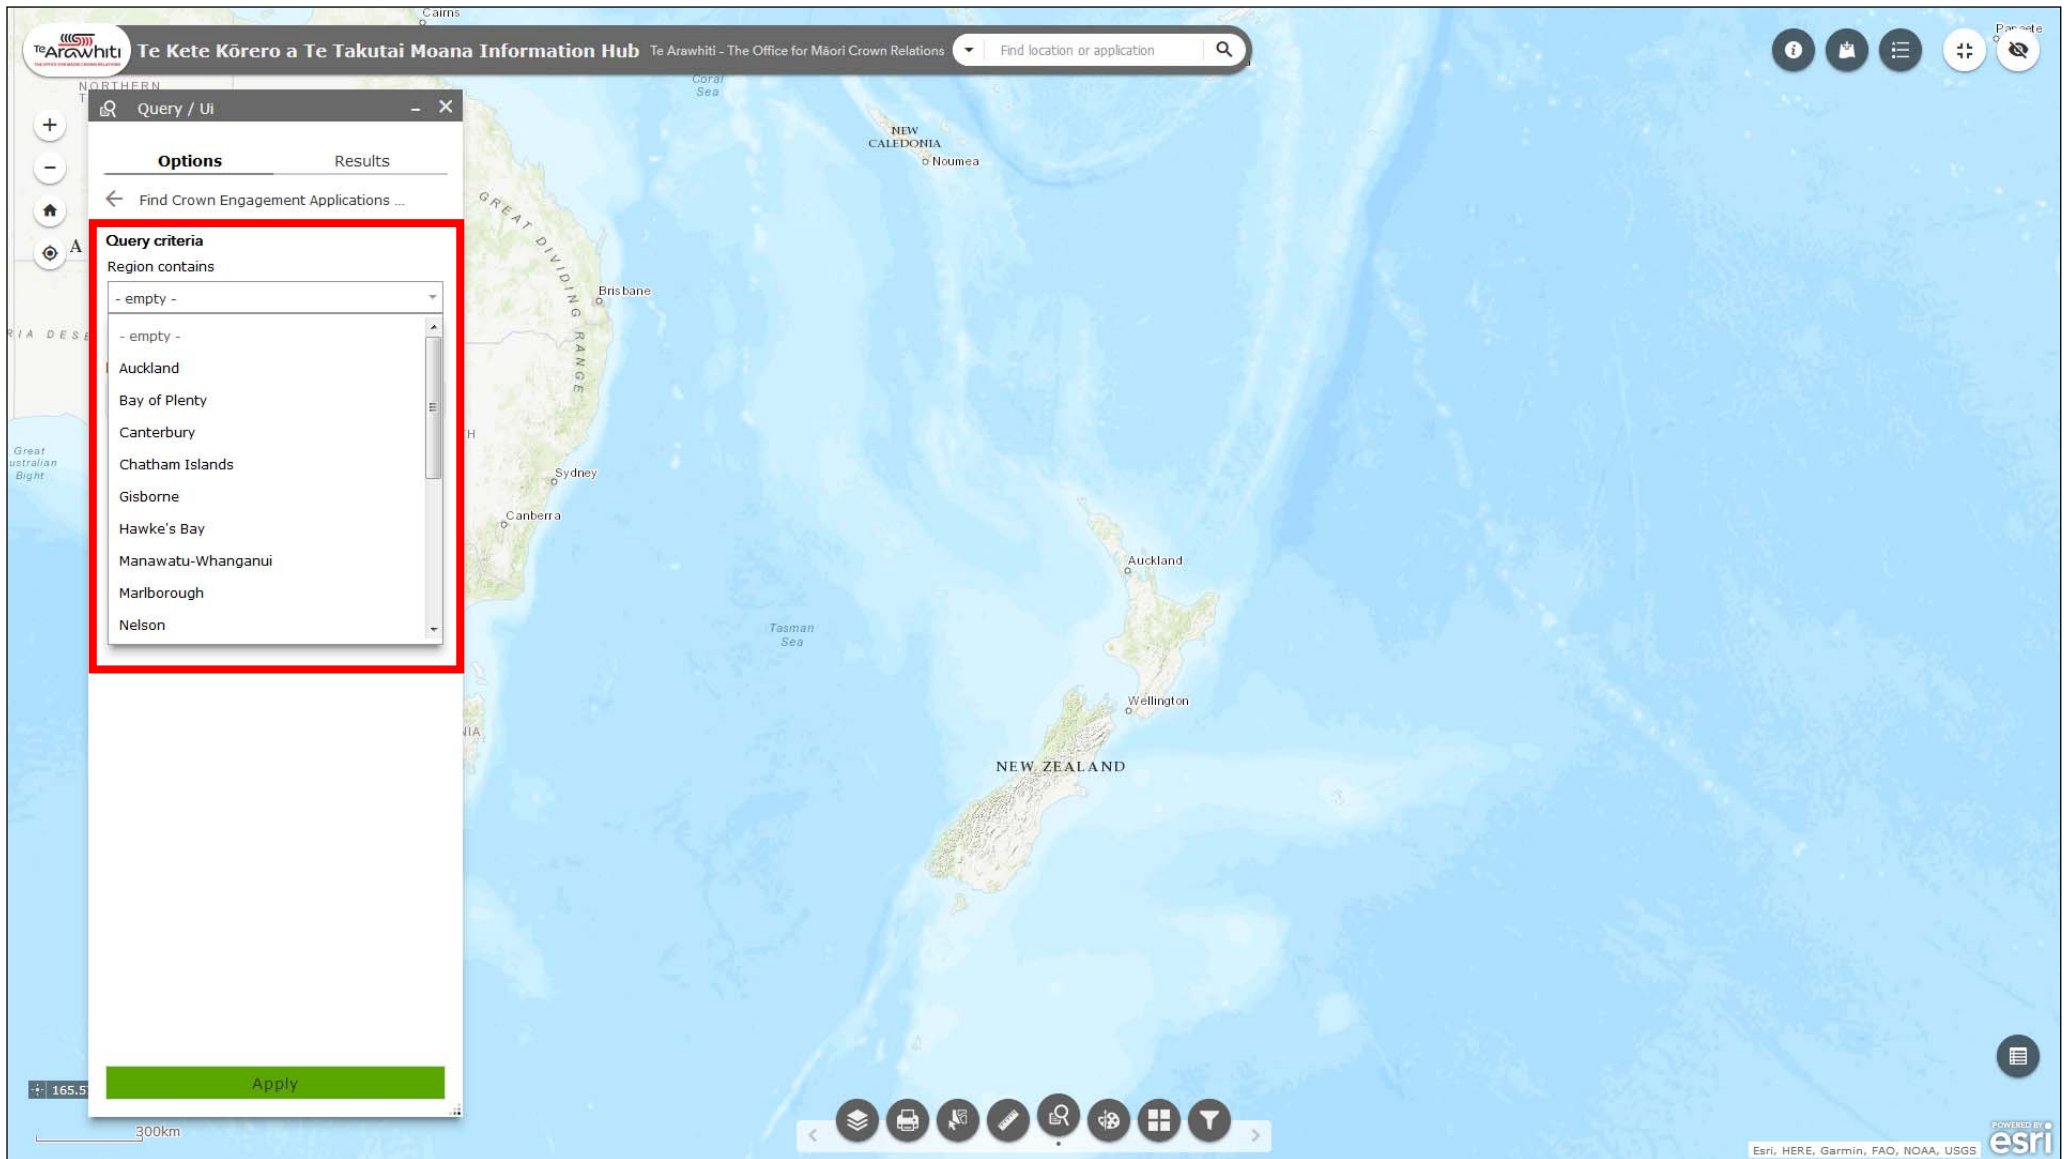

1. Open the 'query' tool. It's fourth along at the bottom.

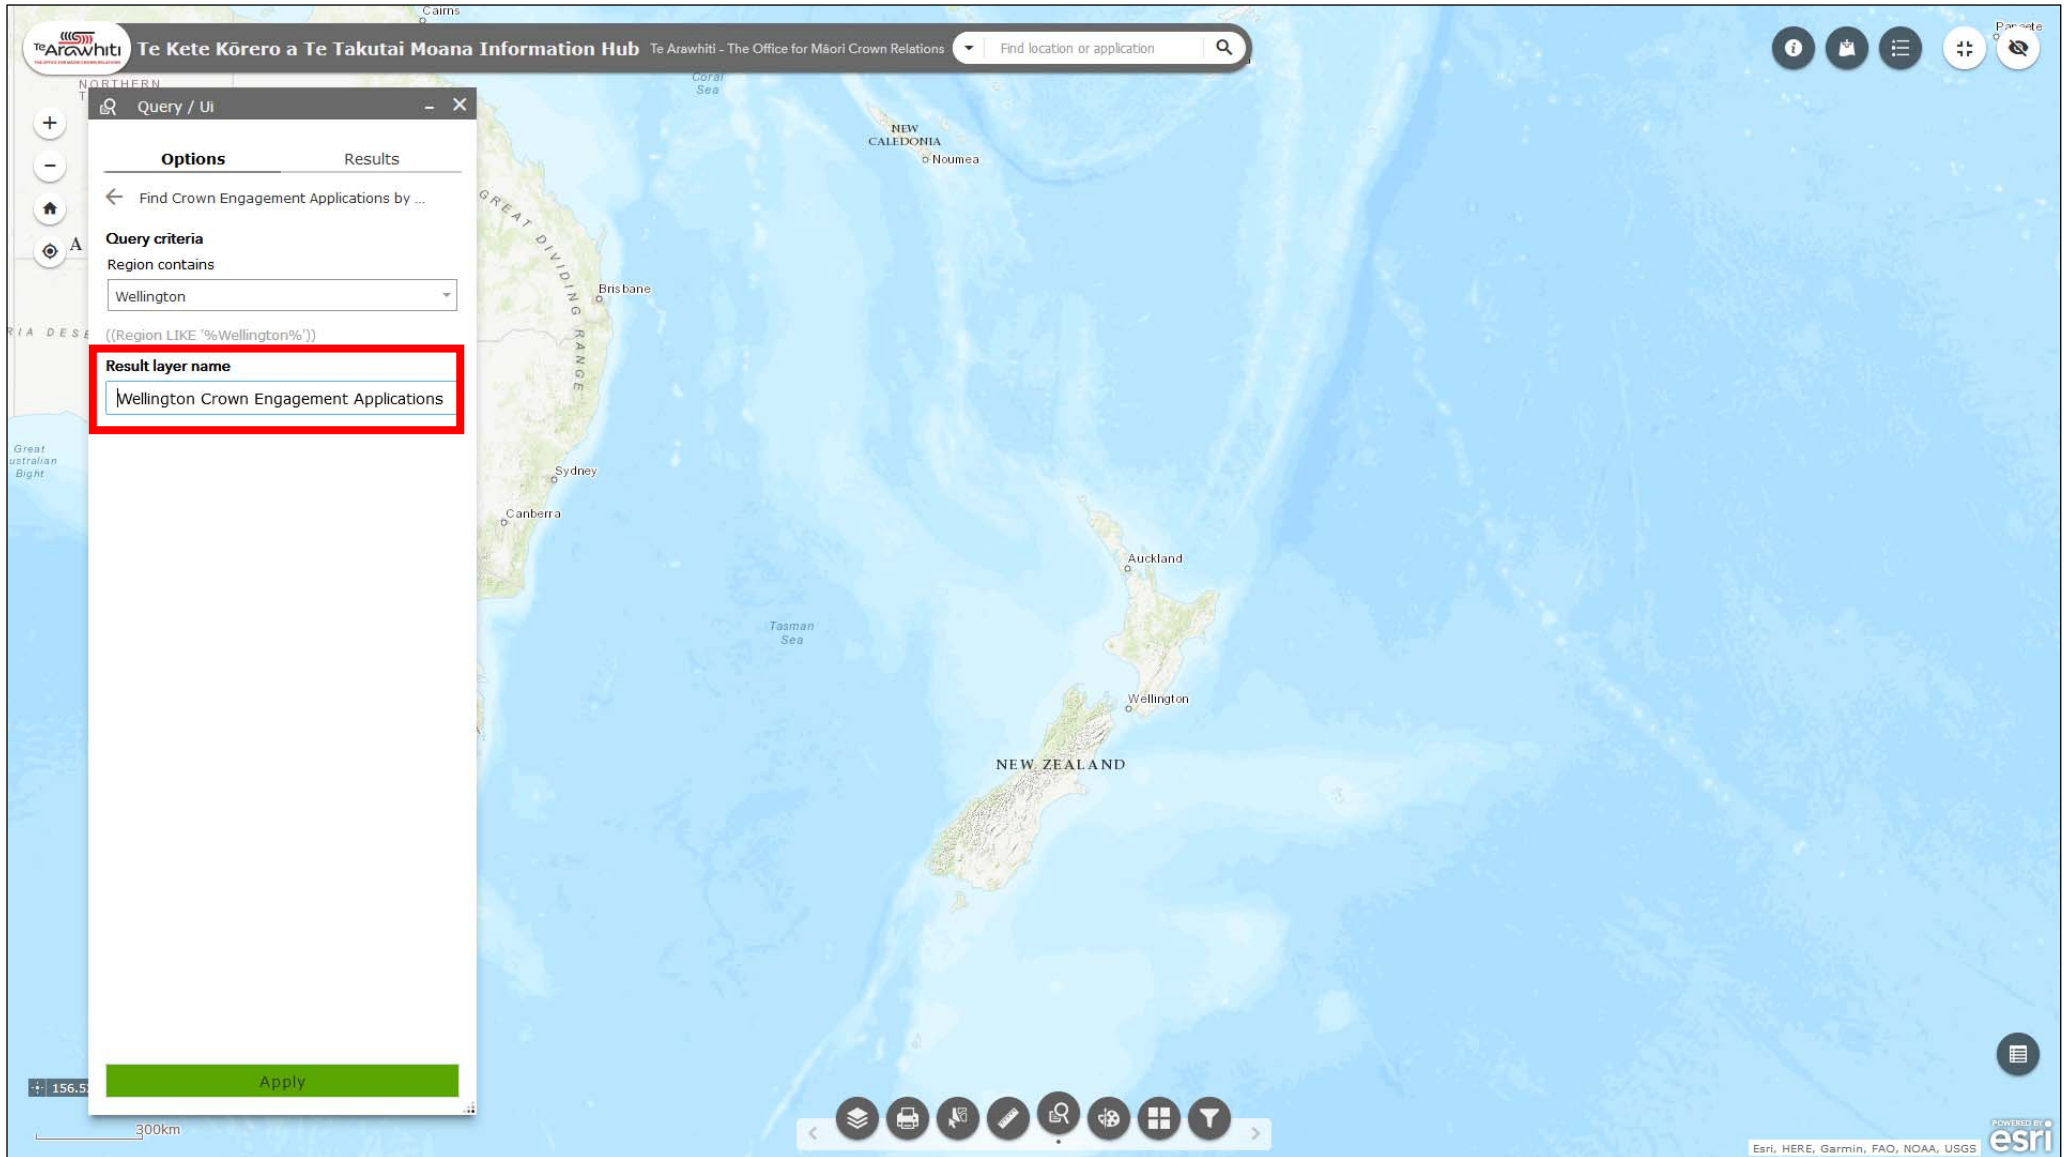

2. You can query which High Court or Crown Engagement applications are in a given region. Both queries work the same way. For this example we will use the 'Find Crown Engagement Applications by Region' query.

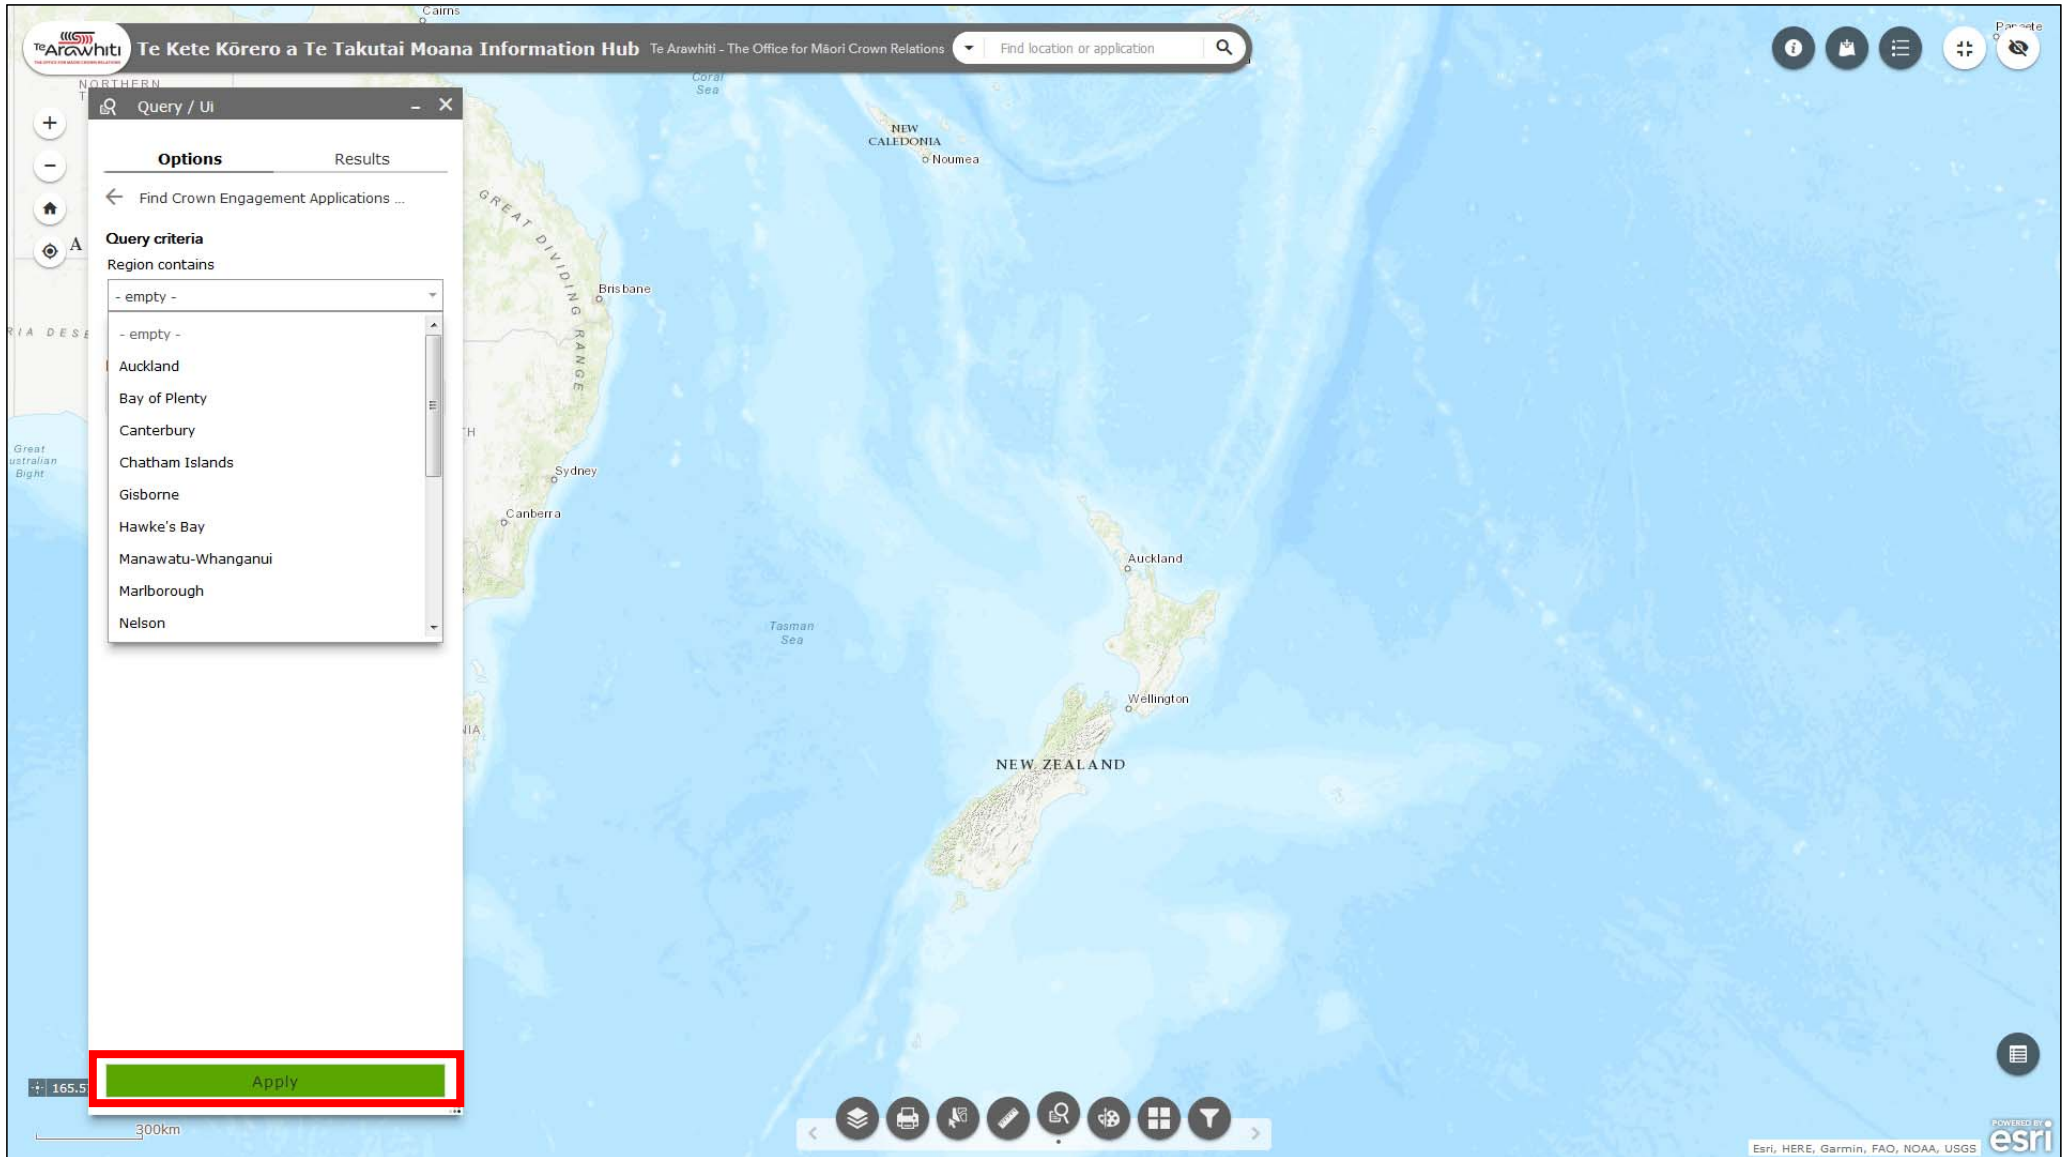

5. Select which region you want to query from the drop-down menu.

6. The query result will appear as a layer in the Layer List. You can specify a name for the result layer in the 'result layer name' box.

7. Click 'apply' to run the query.

Applicant Group Ngāti Toa Rangātira

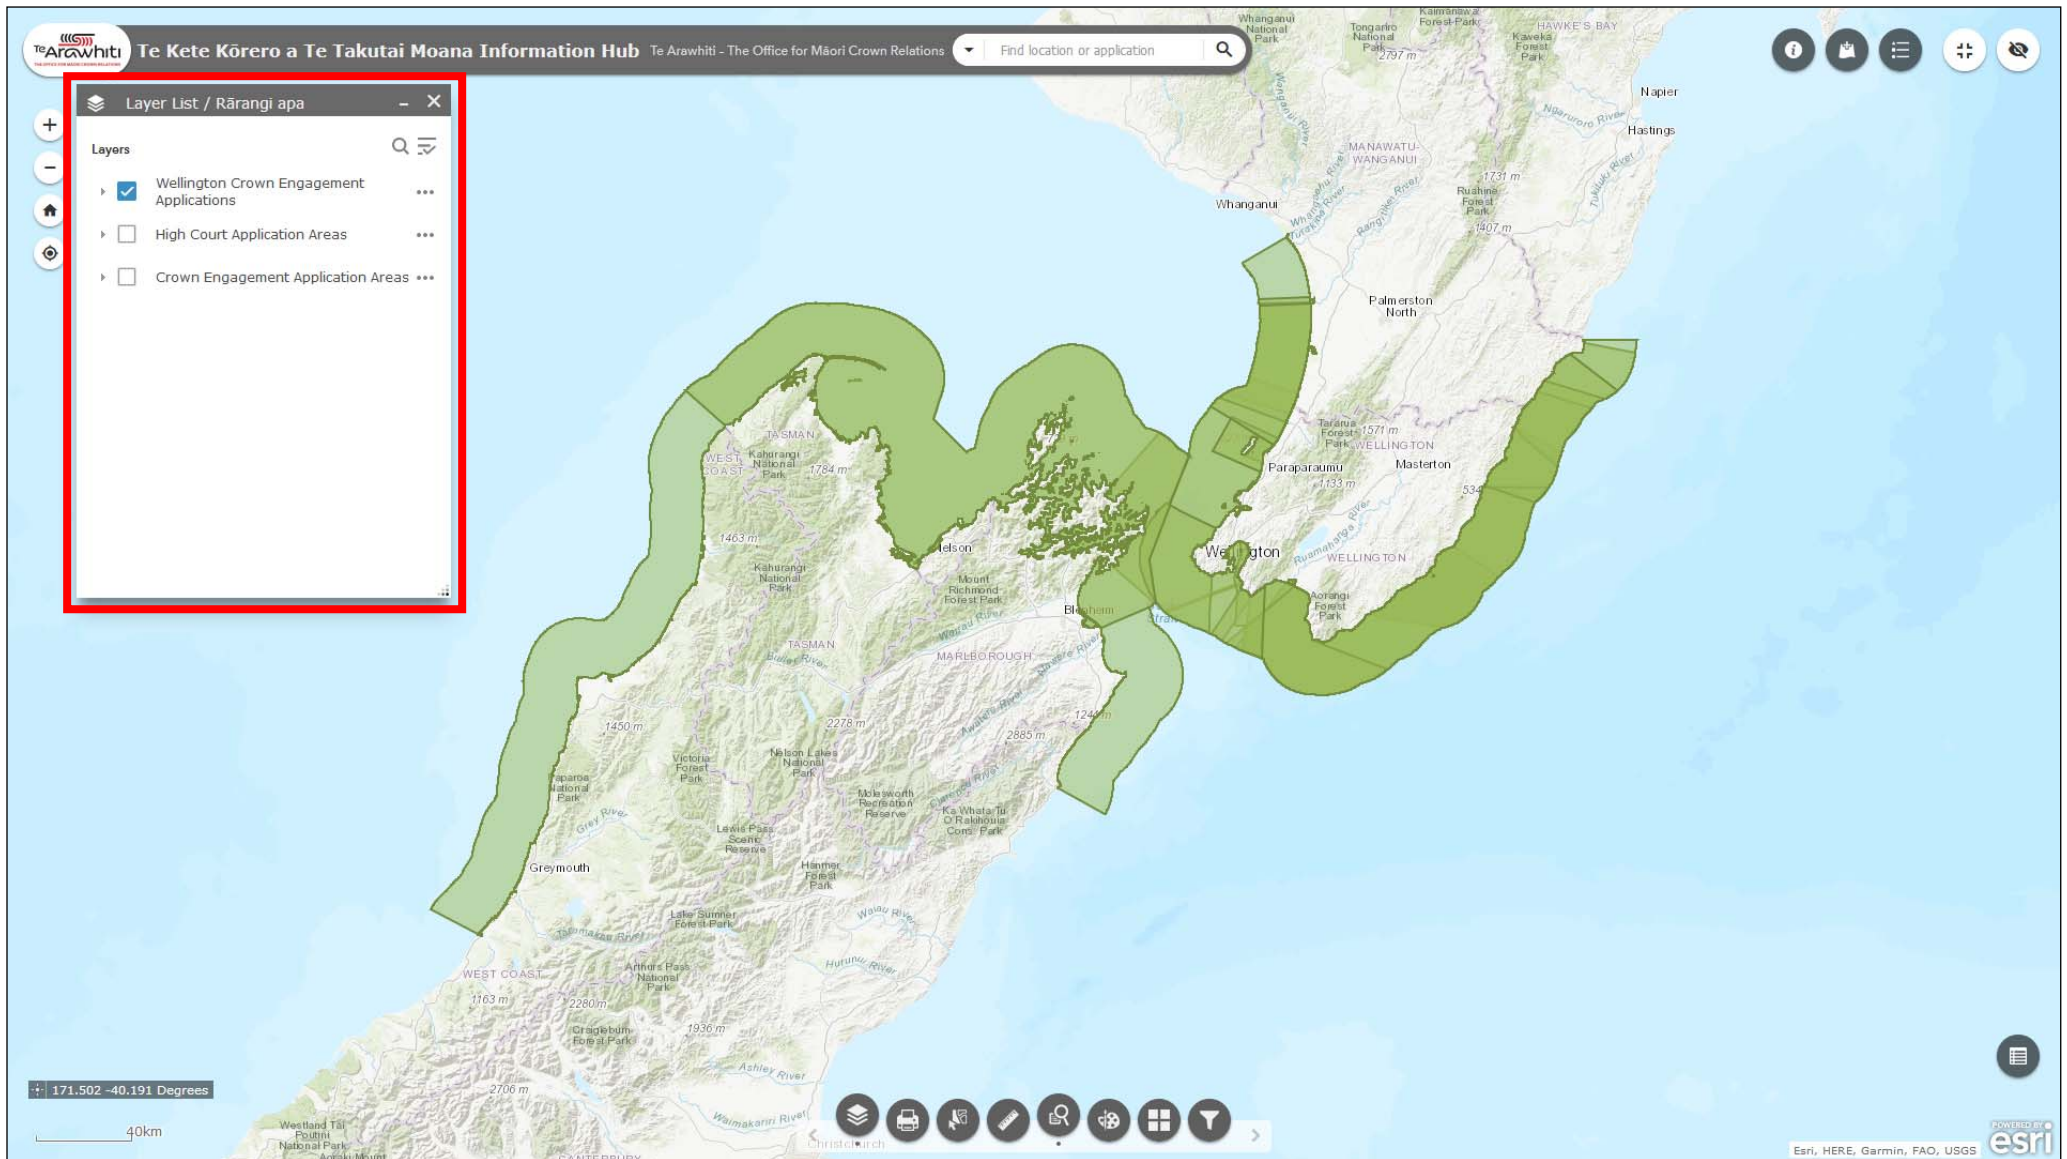

Application Type

Region Manawatu-Whanganui, Wellington, Tasman, Nelson,

Esri, HERE, Garmin, FAO, USGS

6. All applications in the selected region will appear in the Query window. The map will automatically zoom out to the extent of the largest application.

7. The query result layer will appear in the Layer List. You can toggle it on and off here.

The screenshot shows the Te Kete Kōrero a Te Takutai Moana Information Hub interface. At the top, there is a search bar with the text "Find location or application". Below the search bar, there are navigation icons (home, location, zoom, etc.). The main area is a map of New Zealand with several green highlighted regions. On the left side, there is a "Query / UI" panel with two tabs: "Options" and "Results". The "Results" tab is active, showing a list of query results. The first result is "Wellington Crown Engagement Applicatic" with a dropdown menu and three dots to its right. The "Options" menu is open, showing various actions like "Zoom to", "Pan to", "Flash", "Export to CSV file", "Export to feature collection", "Export to GeoJSON", "Statistics...", "Save to My Content", "View in Attribute Table", "Remove this result" (highlighted with a red box), and "Change symbol". Below the "Options" menu, there are two result entries with their details: "Wellington, Marlborough" and "Manawatu-Whanganui, Wellington, Tasman, Nelson, Marlborough, West Coast".
