Ngatiwai Support Signatures

About this petition

Opposition to the Ngatiwai Trust Board Deed of Mandate

We the undersigned **DO NOT SUPPORT** the Ngatiwai Trust Board Deed of Mandate.

The Deed of Mandate has fundamental flaws in that it still fails to allow whanau hapu claimants with affiliations to Ngatiwai to prosecute their claims in the Waitangi Tribunal Stage Two Hearings - taking place right now.

The Deed of Mandate does not support hapu mana and rangatiratanga as guaranteed in He Whakaputanga me Te Tiriti o Waitangi. That the Ngatiwai Trust Board has no PSGE models or structures included in the Deed of Mandate. This direct negotiation process will potentially undermine the current Waitangi Tribunal Stage 2 Hearing process which is underway.

WE DO SUPPORT the following:

1. The claimants rights to prosecute their claims before the Waitangi Tribunal in the WAI 1040 Te Paparahi o Te Raki Inquiry.
2. That a Report and findings from the Waitangi Tribunal is essential for progressing Ngatiwai Wai claims.

3. That at the completion of the Waitangi Tribunal process that Wai Claimants then can decide on a Negotiation and settlement process that best reflects the collective desires and aspirations of Wai Claimants and whanau, hapu.

Comments: I have grown up believing that Ngatikahu O Torongare and Patuharakeke had mana whenua and mana moana o te ahupupurangi. Coming from the tribe Ngati Tu Pre Ngapuh. As the only Marae that i know of around the harbour is Ngararatunua, Toitio, Parawhau and Patuharakeke . im a bit rusty on my Whakapapa but have been told this since I was young and the story of hakeroa the tamure from the harbour but cant ever remember Ngatiwai mentioned in any of the korero ive heard.

Comments: I do not support a trust board that dictates to the people what is best for them without true consultation. They purport to represent the people and have failed at any honest consultation to start with. They have blocked our young people from attending any hui with our kaumatua and kuia and seperated them deceitfully. We have reaped nothing from the Ngatiwai Fisheries why would we trust them with our settlements. Comments: I do not support the trust board in its current structure negotiating or settling our claims. We need to be mindful that we the beneficiaries have recieved nothing from a 20 year old fisheries settlement. I will be submitting a more detailed explanation to OTS. I do support a review of the trust deed and a revised trust structure that enables benefits for all.

Comments: It is not so much as the Trust Board Entity as it is the people who have been there for far too long. I say they have become self serving and they need to go. I do not support the treaty mandate in its current state nor do I have faith in the trust board members. They have done alot of damage to Tangata whenua of Gt Barrier Island by signing us off to a false hapu of which I am taking back to the Maori Land Court. I am of HikiHiki and Makiwahine descent through Ranginui and my direct line in through Ngapoo, coming down to [redacted] married [redacted] from the senior line of [redacted] son. Be aware that the crown is trying to destroy again through trust entities. We must stay strong. My family who are very large shareholders of Motairehe will also be signing as well. Kia Kaha everyone, kia aroha.

 Comments: I don't agree that the ngatiwai trust board should represent Ngatiwai. Nothing was administered in the past so why should we allow them to now. The board needs to have one representative from each marae and they should stand for 1 term only of 2 years. We can stand as a collective whanau groups. Why should we be settling down a pakeha process for Maori
